Subject: Registration Statement for bond issue

Dear Board Members,

Happy New Year.

In connection with the bond offering we completed in November, we agreed to register the bonds such that they are more freely transferable. Attached is the registration statement that must be filed with the SEC to effect this. Separately I attach the signature page.

The registration statement is heavily based on the PPM we issued in connection with the bond and which has been supplied to you in the past. I am of course happy to discuss the attached with any of you who would like to do so.

In order to complete the registration I will need you to sign the signature page and email it back to me by Monday January 4th.

As ever, thank you for your prompt attention to this matter.

Best regards,

Julian
